These 1200 series line items are based on the information you have provided and on your particular county and state. These items are excluded from the TOTAL TITLE CHARGES amount because they are "non-variable costs", which means they will ultimately be the same no matter which closing agent handles your closing. For purchase transactions, these charges are based on the customary payment apportionment between purchaser(s) and seller(s). You may wish to review your sales contract for changes affecting the customary split/apportionment of transfer and recordation taxes between purchaser and seller..
